—The Alberta Land Co. have issued a land map similar to that issued by the C. P. R. showing their lands for sale. It also shows the surveyed route of the C. N. R. from Edmonton east, and the proposed route of the C. P. R. from Wetaskiwin east.

—K. A. McLeod, returned on Saturday's train from a visit to his father, who resides in the San Joaquin Valley, California, and to other relatives and friends on the Pacific coast. The Sound cities are prosperous and many of the smaller places which suffered in the collapse of the boom a few years ago are now picking up nicely. Among the old acquaintances whom Mr. McLeod met was John Newlands, whom old times in Edmonton will remember as the builder of the first house on the H. B. reserve, the somewhat dilapidated frame building at the corner of Jasper and Second street. Newlands was given the lot 21 years ago for putting up the first house on the reserve. His eyes bulged when Mr. McLeod told him that it had recently been sold for \$7,500. Newlands has been all over the world since he left Edmonton. His travels have included Siberia and the Yukon, and he is now in the financial condition usual with pioneers. Broken in health, bustled in pocket, disappointed at all corners, but still glad he has lived, for he made a good try, anyway.

—H. W. B. Douglas went to Calgary this morning.

—Frank Kramer and H. G. Martin have taken over the Horse Shoe restaurant.

—Free Press, Feb. 7: Mr. R. Secord, M. L. A., and his Edmonton rink are guests at the Leland.

—Quite an interesting hockey match, between a rink from the new school and one from the old school took place on Edmonton Athletic rink, Saturday afternoon. It resulted in a victory for the new school by a score of 3 to 0.

—Weather: Saturday, maximum temperature, 35 above. Yesterday maximum temperature 43 above, minimum temperature this morning was 15 above.

—Annual meeting of the Edmonton Butter & Cheese Manufacturing Association in the council chamber, Edmonton, on Saturday afternoon, Feb. 21st, at 3 o'clock.

—At the request of Mr. T. O. Davis, M. P., and Mr. O. E. Talbot, the Edmonton board of trade have called a meeting for Wednesday evening in the town hall at 8 o'clock re Trans-Canada railway. All members are invited to be present.

—The Canadian Entertainers (Miss Queenie McCoy, soprano, and Miss Isabel Kerr, elocutionist) will give an entertainment in the Presbyterian church, Edmonton, on Tuesday evening, Feb. 24th, under the auspices of the Sunday school. The Winnipeg Tribune says: "Miss Kerr's pathetic and humorous recitations are delivered in an exceedingly clever manner, while Miss McCoy's rendering of the old familiar Scotch melodies is especially fine. These talented young ladies are worthy of a generous recognition wherever they entertain."

THE MARKETS.
Wheat brings as high as 58 cents a bushel. The sample is very good. A great deal is constantly coming in keeping the market well supplied.

Oats are being delivered in fairly large quantities this week. The sample is fairly good and brings from 20 to 21 cents per bushel.

Live hogs are in good demand at from 11-2 to 5 cents per lb.

Beef is also in good demand at from 21-2 to 31-2 cents per pound live weight.

Dressed poultry:
Turkeys, 12-14 cents per lb.
Geese, 12-15 cents per lb.
Ducks, 10 cents per lb.
Chickens, 10 cents per lb.

Butter is in good demand at 25 cents per pound.

Fresh eggs bring 35 cents per dozen. Potatoes are worth 10 cents a bushel. Hay has been offered in considerable quantities at from \$5 to \$8 dollars a ton.

LEDEG.

A public meeting was held in the Forester's hall, Ledeg, on Saturday afternoon to discuss matters connected with federal politics. The hall was well filled with a very representative audience. The chair was taken by R. T. Telford, president of the Ledeg liberal association. Frank Oliver, M. P., addressed the meeting on the tariff and railway questions. The tariff question now before the country was the demand for a prohibitive or Bagley tariff. The west was naturally for low tariff. He would oppose the attempt to place the country under a prohibitive tariff without regard to party, and he asked the support of the constituency in doing so without regard to party. The high tariff interests were united irrespective of party, in self-defence the low tariff interests should do the same. On the railway question he said that he would prefer to see the Saskatchewan valley developed by a government railway. But people were already on the ground and more were coming who could not afford to wait for public opinion at large to be converted to that view. Three companies were coming to parliament with rival schemes, and all wanting aid. There was in this an opportunity to make terms as to control of rates. His view was no control, no bonus. He would prefer to aid construction and secure control than to permit construction without aid and have no control. A vote of thanks to Mr. Oliver was carried unanimously, and also a vote of approval of the lines laid down on the tariff and railway questions.

—Dr. Elliott, the new member of the Northwest government, is commissioner of agriculture, while Mr. Bulger, the late commissioner of agriculture, becomes commissioner of public works.

—Mr. and Mrs. Silver came in on Friday's train on a visit to their daughter and acquaintances here. They now reside at Everett, Washington, and are very well pleased with their new location.

HOCKEY.

The second game for the Mats medals in the Juvenile Hockey series took place on Thistle rink, Edmonton, at 2 o'clock Saturday afternoon. Feb. 7th. The game was very interesting and the little fellows played good hockey. After playing for one hour neither side had scored so the game was resumed. After an additional fifteen minutes' play still no goals were scored so it was decided to call the match off as a draw.

The teams lined up as follows:
Edmonton: goal, Edmonson; Taylor, point, McMillan; J. Mats, cover point, Webster; O. Mats, (capt.) rover, Kennedy; Brandon, forwards, McCallum; Ingils, Strudwick, (capt.) Hester, McLeod.

ORIENTAL EXCLUSION

It has been frequently charged that the people of British Columbia were not sincere in their demand for Oriental exclusion, inasmuch as they always supported the government without regard to the question of exclusion. This charge cannot be laid against the electors of Burrard, which includes the city of Vancouver, on the result of the recent re-election. The constituency had been rendered vacant by the death of G. R. Macpherson, liberal. During his term in parliament Mr. Macpherson had been the chief and almost the only avowed opponent of Oriental immigration. At the bye-election, Oriental exclusion was made the chief or indeed the only issue. There were three candidates, G. R. Macpherson, nominated by a liberal convention, T. E. McFarlane, who had been made lieutenant-governor by the liberal government, and Chris. Foley, a labor liberal. All three candidates pledged themselves specifically for Oriental exclusion. Macpherson was elected—but by only a small majority over Foley. This could only mean one thing—that almost half the voters were prepared to put every other issue in the background for that of Oriental exclusion, while the other half, and a little more, were compelled to put it in the foreground in order to retain the confidence of a majority of the voters. The election of Macpherson was as strong a pronouncement for Oriental exclusion as the election of Foley would have been. The only difference was that the election of Foley by defeating the regular party nominee would have condemned the government for not having taken such action in the past; while the election of Macpherson is merely an instruction as to the wishes of the constituency for the future. And every vote cast for either of the defeated candidates enforces the instruction.

C. N. R. Surveys

The Canadian Northern are keeping their lead in this part of the country. Armstrong's party has a trial line run westerly as far as the Pembina river by way of Stony Plain and White Horse lake, and McFarlane's party has begun to run a line northwesterly by way of St. Albert to Fort Assiniboia on the Athabasca river. His party is now camped near J. Norris' house on the St. Albert road. Mr. McFarlane has completed the work of locating the Canadian Northern line from Edmonton to some point in the Vermilion district to which Engineer McKenzie had located it from the crossing of the Saskatchewan above Battleford.

NOTES FROM THE NORTH

The Athabasca stage arrived in Edmonton Saturday night. Mr. Thompson, of Athabasca Landing, came down on a business trip. He will return to-morrow.

Thirty teams arrived at the Landing from the far north the first of last week for supplies. They reported both the Li-Slave river and the Athabasca river in first class condition for freighting. Lesser Slave lake, however, was dangerous in places owing to the large foot cracks. Altogether though it was said, but the roads have never been better for freighting than they are this year.

A small portable saw-mill is being erected on the Landing by Mr. Gordon, hotel keeper at that place.

The balance of the machinery consisting of the belt and reel piece for the Li-Slave river mill saw, is leaving the Landing this week. The steamer will be six or seven feet long and will ply between the Vermilion and Fort St. John on the Peace river.

There is a little less snow at the Landing than at Edmonton. Very little snow is reported in the Peace river district and scarcely any in Grand Prairie where they have not yet started feeding the cattle. Lesser Slave lake is almost entirely glaze ice.

The Representation of the Provinces
Ottawa, Feb. 2.—Premier Tweedie and Attorney-General Baggley, of New Brunswick, were interviewed yesterday with reference to the readjustment of the representation of the provinces in the Dominion parliament.

They said that as a result of the best consideration they have been able to give to the subject, it seemed that a fair construction of section fifty-one of the British North American act would prevent any reduction of the representation from New Brunswick, and probably the same remark would apply to Ontario and Nova Scotia as they also had increased in population since the last census.

In the Northwest Assembly election in Banff constituency, Fisher, a merchant, at Cochrane, was elected by 65 majority over Dr. Richardson, of Camrose. The constituency was the one recently rendered vacant by the resignation of Hon. Chief Justice Sifton. The election has no political significance either territorial or federal as both candidates were supporters of the Hanftan government and liberals in federal politics. The contest was between the two sections of the constituency, the mountains and the plains and as the plain had the larger vote their candidate won. Both candidates were of the highest standing in their respective communities.

WHITE WHALE LAKE

This settlement has within its borders many evidences of valuable deposits for future settlers. Your correspondent is aware of the existence of a seam of coal on the bank of the Saskatchewan fully 30 feet thick above water level and extending downward a distance yet unknown. It is in the form of an arch.

Recently we saw a grindstone made by a settler, H. H. Akins, our new post master, out of sandstone found on the river bank. It does first class work. Besides a fine quarry of gray sandstone there is also one of red sandstone close to White Whale creek mouth.

There is a power site on White Whale creek near the mouth where a suitable dam could secure 100 feet head of water coming from two lakes—an inexhaustible supply.

The railroad surveying party have arrived. They are most heartily welcome.

The White Whale school district have received permission to issue debentures for \$1200, and the board is now wrestling with the question of specifications, tenders, etc., for building.

BON ACCORD

A meeting of the residents of this district was held in Bon Accord school house on Feb. 5th, for the purpose of organizing a rifle association. Mr. Mason occupied the chair. Proposed by Mr. A. Hewitt, seconded by Mr. Geo. Mulligan, that a rifle association be formed in this district. The motion was carried unanimously. Proposed by Mr. E. Hewitt, seconded by Mr. A. Brumit, that the association be known by the name of the Sturgeon Rifle Association. The following officers were then elected. Those Mulligan, captain; A. Hewitt, lieutenant; M. E. Oughlin, secretary-treasurer; Mr. Mason was elected a member of the committee. Rev. J. C. Waco, was elected an honorary member of the society.

STRATHCONA

Flaindecker, Feb. 6.

WETASKIWIN

Times, Feb. 5.

J. E. Harrison leaves this week for Winnipeg, where he will remain for some time combining business with pleasure. He has invented a machine that will load sheaves of grain, hay, etc., from the field onto the wagon, and will have models made and the machine patented while in the Prairie city. This machine, Mr. Harrison says, will load about fifty acres a day and will thus be a great saving in labor to farmers.

John Utas was arraigned before Magistrate Hayes on Saturday last and was fined \$2.50 and costs for shooting chicken out of season. This should be a lesson to those who violate the game law.

On last Saturday Andrew Albus was charged before J. A. O'Neill, J. P., with attempting to murder his brother George Albus. In the result the accused was committed for trial at the next sitting of the supreme court here, but the justices evidently took a high view of the case for he admitted him to bail on his own recognizance. As D. H. Williams appeared for the prosecution and M. E. O'Brien for defence.

Another room was opened in connection with the school on Tuesday with Miss McGilton as teacher. On that day 25 scholars were in attendance at the public school.

Lyle Cameron has been suffering from an attack of blood poisoning for several days, but is recovering. While playing hockey with a pair of dyed knits on he received a bruise and the poisonous dye from the knits entered his hand.

Rev. J. Smith, and Mr. Tate, of Rowell's, went to Edmonton on Monday evening to attend a ministerial convention held there this week.

George Manuel, general agent of the McManis-Harris Co., accompanied by his wife, were in town on Tuesday. John McManis left for Edmonton on Saturday to spend a few days with his son, Charlie.

THE RENOWNED WESTMINSTER ABBEY CHOIR
Glee and Concert Party.

The Coronation Choir Glee and Concert party composed of a number of leading singers and boy sopranos who took part in the Coronation of their Majesties King Edward VII and Queen Alexandra on August 9th will be heard here in a delightful concert programme.

In rendition of glees, matrigals and part songs this body of singers is unequalled anywhere for beautiful blending, artistic and tasteful singing. The male alto voices and the boy sopranos supply the places of the female voices with wonderful sweetness, similarity and effect. Mr. Branscombe, the Director of the party and a lay vicar of Westminster Abbey in London, is an acknowledged authority on glee and part singing. He possesses a beautiful tenor voice and is a composer of note. Mr. Herbert Hilton, a baritone, is one of the foremost singers of England and is fast arriving at the top of the scale. Mr. Percy Coward, male alto solo is a surprising and pleasing novelty; he is the finest exponent of this regional voice in England. Madame Marie Hooton, the eminent London contralto, is a beautiful woman and a delightful artist; while the boys have the voices of angels.

"Speaking of the Coronation Glee and Concert party's last appearance in Montreal the 'Star' says—

"They gave a delightful programme of English glees, sacred music and solos. The smoothness and beauty of their part singing was most pleasing and the most difficult matrigals were given with an ease and a delicacy that were charming to the ear. On this occasion they favoured the audience with a couple of entracts and an anthem sung in Westminster Abbey at the Coronation. The anthem which was Gounod's 'Send out Thy Light' was rendered in a manner quite different from that to which Canadians are accustomed. It was beautiful."

INFANTS

Free Lance, Feb. 5.
A monthly fair was held at Olds on Saturday, under the auspices of the Olds Board of Trade, who engaged an auctioneer to auction off goods and stock brought for sale. Crowds of people flocked in to take part in the fair, the street being lined with teams. Besides the auction sale considerable private trading was done.

There is a considerable amount of sickness in the neighborhood, many being laid up with colds, in gripple, etc. There are also several cases of scarlet fever in the district. Every precaution is being taken to prevent it becoming epidemic.

Thomas Dettler returned Monday from a trip to Ontario. He had an enjoyable visit among old friends, but is glad to get back to Alberta sunny weather.

Tenors—Mr. Edward Branscombe and Mr. George Pownall.

Entertainer—Mr. Dudley Causton.

The greatest musical event that happened in the annals of this town will be the appearance of the Coronation Choir Party.

This is a party of famous English singers and boy sopranos who took part in the coronation of their Majesty King Edward VII and Queen Alexandra on August 9th, last, in Westminster Abbey, and has been selected by Mr. Branscombe, lay vicar of Westminster Abbey, who is one of the acknowledged authorities on glee singing in England. They are assisted by Madame Marie Hooton the famous English contralto of charming voice and presence, and Mr. Dudley Causton the well known English entertainer, who creates a very humorous sketch entitled "The Village Concert."

The clear soprano voices are very delightful to hear, while a very interesting feature in addition to the regular numbers will be a male alto solo by Mr. Percy Coward. The male alto voice is peculiar to the English Cathedral where no women are allowed to sing and the women's voices are replaced by male altos and boy sopranos.

It has been rendered possible for the choir to be here by the fact that they are moving to the Pacific Coast on their way to Australia and they are enabled to stop over en route.
